

Manager, Thunder Bay National Marine Sanctuary and Underwater Preserve, 1305 East-West Highway, N/ORM, Silver Spring, Maryland, 20910. A copy of the lease, permit, license, approval, or other authorization must accompany the request.

(f) The Director may request additional information from the certification requester as he or she deems reasonably necessary to condition appropriately the exercise of the certified authorization or right to achieve the purposes for which the Sanctuary was designated. The Director must receive the information requested within 45 days of the postmark date of the request. The Director may seek the views of any persons on the certification request.

(g) The Director may amend any certification made under this § 922.194 whenever additional information becomes available justifying such an amendment.

(h) Upon completion of review of the authorization or right and information received with respect thereto, the Director shall communicate, in writing, any decision on a certification request or any action taken with respect to any certification made under this § 922.194, in writing, to both the holder of the certified lease, permit, license, approval, other authorization, or right, and the issuing agency, and shall set forth the reason(s) for the decision or action taken.

(i) Any time limit prescribed in or established under this § 922.194 may be extended by the Director for good cause.

(j) The holder may appeal any action conditioning, amending, suspending, or revoking any certification in accordance with the procedures set forth in § 922.50.

(k) Any amendment, renewal, or extension made after the effective date of Sanctuary designation, to a lease, permit, license, approval, other authorization or right is subject to the provisions of § 922.195 and § 922.49.

(l) For any activity authorized pursuant to § 922.193 (b), the holder of such license or permit shall notify the Director, in writing, within 90 days of the effective date of Sanctuary designation, of the existence of such authorization or right.

§ 922.195 Permit procedures and criteria.

(a) A person may conduct an activity prohibited by § 922.193 (a)(1) through (3), if conducted in accordance with the scope, purpose, terms and conditions of a State Permit *provided that*:

(1) The State Archaeologist certifies to NOAA that the activity authorized under the State Permit will be conducted consistent with the Programmatic Agreement, in which case such State Permit shall be deemed to have met the requirements of § 922.49; or

(2) In the case where the State Archaeologist does not certify that the activity to be authorized under a State Permit will be conducted consistent with the Programmatic Agreement, the person complies with the requirements of § 922.49 of this part.

(b) If no State Permit is required to conduct an activity prohibited by § 922.193 (a)(1) through (3) of this subpart, a person may conduct such activity if it is conducted in accordance with the scope, purpose, terms and conditions of a Federal permit, *provided that* the person complies with the provisions of § 922.49 of this part.

(c) In instances where the conduct of an activity is prohibited by § 922.193 (a)(1) through (3) of this subpart is not addressed under a State or other Federal lease, license, permit or other authorization, a person must obtain a Sanctuary permit from NOAA pursuant to § 922.48 (c) through (f) of this part and the Programmatic Agreement in order to conduct the activity.

(d) A permit for recovery of an underwater cultural resource may be issued if:

(1) The proposed activity satisfies the requirements for permits described under paragraphs (a) through (c) of this section;

(2) The recovery of the underwater cultural resource is in the public interest;

(3) Recovery of the underwater cultural resource is part of research to preserve historic information for public use; and

(4) Recovery of the underwater cultural resource is necessary or appropriate to protect the resource, preserve

historical information, or further the policies of the Sanctuary.

(e) A person shall file an application for a permit with the Michigan Department of Environmental Quality, Land and Water Management Division, P.O. Box 30458, Lansing, MI, 48909-7958. The application shall contain all of the following information:

(1) The name and address of the applicant;

(2) Research plan that describes in detail the specific research objectives and previous work done at the site. An archaeological survey must be conducted on a site before an archaeological permit allowing excavation can be issued;

(3) Description of significant previous work in the area of interest, how the proposed effort would enhance or contribute to improving the state of knowledge, why the proposed effort should be performed in the Sanctuary, and its potential benefits to the Sanctuary;

(4) An operational plan that describes the tasks required to accomplish the project's objectives and the professional qualifications of those conducting and supervising those tasks (see § 922.195(e)(9) of this section). The plan must provide adequate description of methods to be used for excavation, recovery and the storage of artifacts and related materials on site, and describe the rationale for selecting the proposed methods over any alternative methods;

(5) Archaeological recording, including site maps, feature maps, scaled photographs, and field notes;

(6) An excavation plan describing the excavation, recovery and handling of artifacts;

(7)(i) A conservation plan documenting:

(A) The conservation facility's equipment;

(B) Ventilation temperature and humidity control; and

(C) storage space.

(ii) Documentation of intended conservation methods and processes must also be included;

(8) A curation and display plan for the curation of the conserved artifacts to ensure the maintenance and safety of the artifacts in keeping with the

Sanctuary's federal stewardship responsibilities under the Federal Archaeology Program (36 CFR Part 79, Curation of Federally-Owned and Administered Archaeological Collections); and

(9) Documentation of the professional standards of an archaeologist supervising the archaeological recovery of historical artifacts. The minimum professional qualifications in archaeology are a graduate degree in archaeology, anthropology, or closely related field plus:

(i) At least one year of full-time professional experience or equivalent specialized training in archeological research, administration or management;

(ii) At least four months of supervised field and analytic experience in general North American archaeology;

(iii) Demonstrated ability to carry research to completion; and

(iv) At least one year of full-time professional experience at a supervisory level in the study of archeological resources in the underwater environment.

§ 922.196 Emergency regulations.

(a) Where necessary to prevent or minimize the destruction of, loss of, or injury to an underwater cultural resource, or to minimize the imminent risk of such destruction, loss, or injury, any and all activities are subject to immediate temporary regulation, including prohibition. An emergency regulation shall not take effect without the approval of the Governor of Michigan.

(b) Emergency regulations remain in effect until a date fixed in the rule or six months after the effective date, whichever is earlier. The rule may be extended once for not more than six months.

§ 922.197 Consultation with affected federally-recognized Indian tribes.

The Director shall regularly consult with the governing bodies of affected federally-recognized Indian tribes regarding areas of mutual concern.
